

Wire Management Clip

Sign Cabinet & Channel Letter Mounting Accessory

Key Features

- C-type clip designed to assist with wire management for sign cabinet and channel letter installations.
- Suitable for damp locations.

Construction

- Constructed from nylon 6/6 material.
- White color finish.
- Dimensions: 0.75 in. X 0.75 in. X 0.37 in.
- Slot dimensions: 0.23 in. x 0.19 in.

Mounting

- Adhesive backing for mounting to dry, clean surfaces without drilling.

Product Overview

The wire management clip helps to guide wiring around equipment and cabinets. This C-type clip has adhesive backing that allows mounting virtually to any clean, dry surfaces without drilling. The wire management clip prevents wires from blocking light, especially in shallow channel letters.

Product Applications

- Signage Lighting
- Commercial & Industrial Lighting

Product Certifications/Approvals

- Complies with UL 94 V-2
- Suitable for damp locations
