OPERATIONAL EFFICIENCY BEYOND COMPARISON

AVAILABLE WITH
CASAMBI

Exceptional versatility. Best-in-class performance.

Introducing the ExsaBay® Xtreme Compact (EBXC1), an advanced high bay solution that maximizes efficiency and value as part of US LED's commitment to surpassing industry performance and lifetime standards. The EBXC1 offers exceptional versatility and lighting performance for warehouses and distribution centers. It's designed to be lightweight yet robust, making it easy to handle during installation and maximizing space utilization in areas with limited clearance.

This superior high bay solution offers selectable CCT options and outputs up to 72,600 lumens, with multiple mounting options to meet the needs of industrial settings. The ExsaBay Xtreme Compact high bay is the perfect solution to guide your business towards a brighter, more sustainable future with exceptional efficiency.

Top choice for your bottom line.

There's an ExsaBay Xtreme Compact configuration ready to meet your lighting needs. You can install it at different ceiling heights throughout your facility for a unified look that delivers high-performance illumination and increased energy savings.

With specialized optics, the ExsaBay Xtreme Compact LED high bay minimizes wasted light, ensures optimal distribution, and maximizes spacing.

The energy-efficient ExsaBay Xtreme Compact LED high bay effectively replaces outdated fluorescent or HID lighting, guaranteeing a significant reduction in energy consumption and maintenance.

90W / 150W / 188W

- 14,850 - 31,020 lumens
- Optimal mounting height 20 - 40 ft.
- 18.11 in. x 11.81 in. x 1.77 in.
- Net Weight 5.06 lbs.

200W / 220W / 255W

- 33,000 - 42,074 lumens
- Optimal mounting height 30 - 50 ft.
- 23.03 in. x 11.81 in. x 1.77 in.
- Net Weight 7.92 lbs.

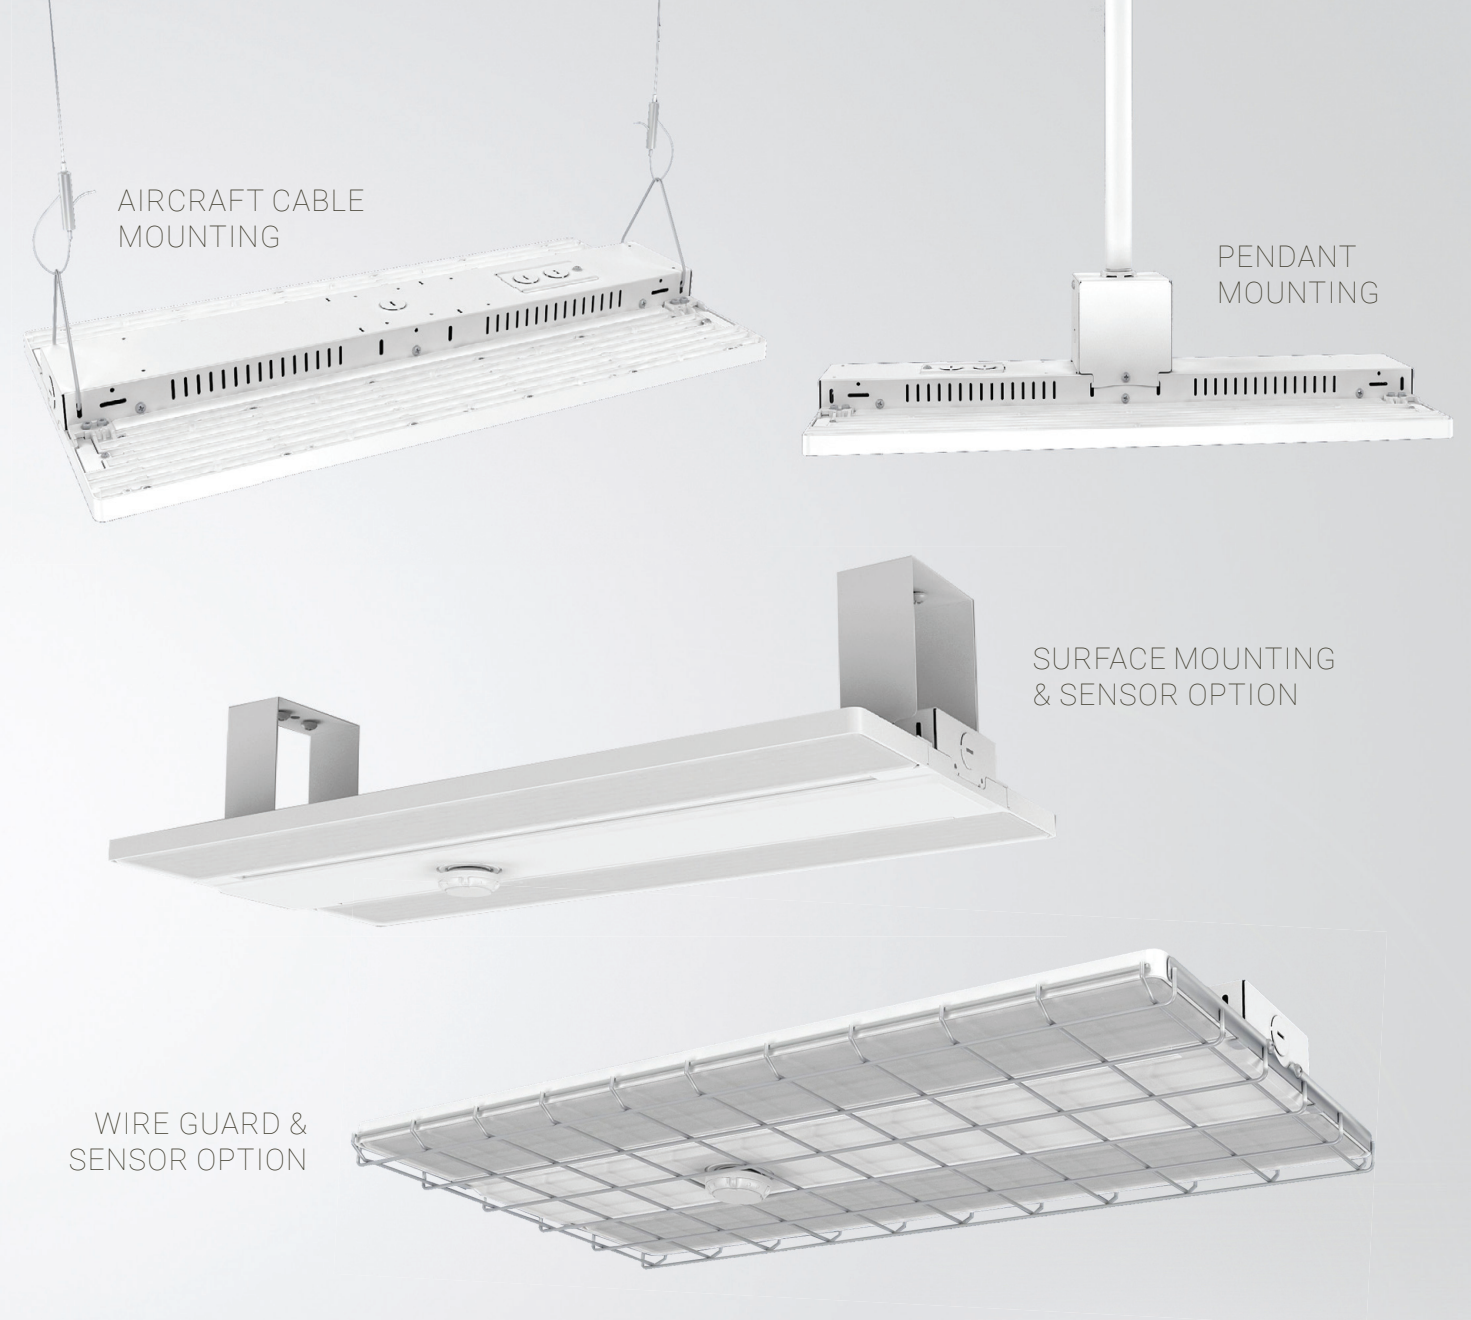

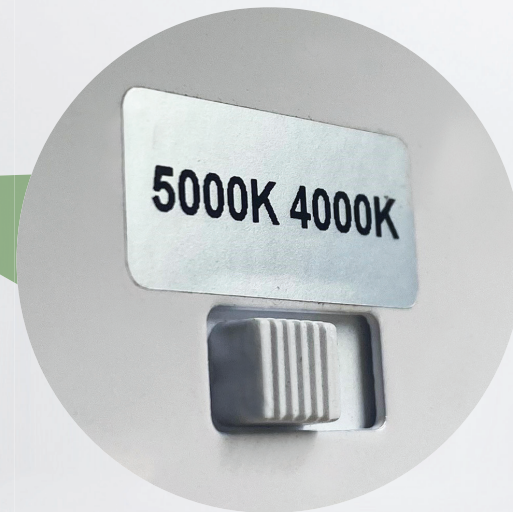

300W / 375W / 440W

- 49,500 - 72,600 lumens
- Optimal mounting height 40 - 60 ft.
- 46.06 in. x 12.59 in. x 2.00 in.
- Net Weight 12.80 lbs.

Your lighting project. Your lighting preferences.

Take charge of your environment and create the perfect lighting with the ExsaBay Xtreme Compact. The EBXC1 has a selectable Color Correlated Temperature (CCT) feature lets you easily adjust the light temperature between 4000K and 5000K. This integrated switch enables you to toggle between the two options in the field, ensuring your space has the perfect light for the space. With the ExsaBay Xtreme Compact, you can improve visibility, enhance safety, and create a productive environment.

Enhanced functionality with additional accessories.

The ExsaBay Xtreme Compact goes beyond standard lighting by offering accessories to enhance your project. Choose from advanced sensors for improved energy savings, utilize other mounting options for flexible installation, and opt for an emergency battery backup to ensure uninterrupted operation during power outages. Your lighting solution should be as dynamic as your business, and the ExsaBay Xtreme Compact delivers.
