

Always the Right Choice!

ExsaBay® Infinity

Round LED High Bay

Shown With Black Finish

Shown With White Finish

Key Features

- Energy-efficient LED replacement for traditional fluorescent or HID systems.
- Compact design that integrates the driver into the housing for a streamlined aesthetic.
- IP65 rated; suitable for wet locations.
- Optional microwave/daylight harvesting sensor accessory available.

Electrical

- Voltage: 90-305V or 347-480V 50/60Hz driver.
- Dimming: 0-10V dimming standard.
- Surge Protection: Up to 6kV/3kA standard.
- Power Factor: ≥90%; THD: <20%
- Operating temperature: -40°C to +50°C (-40°F to +122°F)

Mounting

- Hook mounting accessory and 6' cord provided for easy installation in the field.
- Consult factory for additional mounting accessories.

Construction

- Die-cast aluminum housing engineered to optimize thermal management and accelerate heat dissipation.
- Housing is pre-painted with standard white powder coat finish that is corrosion resistant.
- Flat tempered glass lens protects LEDs.

Optics

- Industry-leading LEDs with 4000K or 5000K CCT (minimum 80 CRI).
- Lumen Maintenance: >100,000 hours (L70) ¹
- Optional clear polycarbonate reflector accessory available.

Warranty

- Backed by US LED's industry-leading Ten-Year Warranty.

Product Performance Summary

Lumen Output	Up to 44,923 lumens
Efficacy	Up to 149 LPW
CRI	≥ 80 CRI
Available CCT	4000K or 5000K
Warranty	Ten-Year Warranty

Product Overview

The ExsaBay Infinity round LED high bay is the premier choice over traditional HID and fluorescent lighting systems. Maintaining exceptional light levels, the ExsaBay Infinity is highly durable to withstand moisture and other contaminants across its ultra-long lifetime. In addition, it is a simple one-for-one high bay retrofit solution for applications needing a round aesthetic and uniform coverage. The ExsaBay Infinity will run circles around the competition and showcase your property in the best light with best-in-class LEDs and advanced thermal management.

Product Applications

- Retail Stores
- Warehouses
- Storage Facilities
- Industrial Facilities
- Manufacturing Facilities
- Gymnasiums
- Airport Hangars
- Commercial Buildings

Product Certifications

- ETL Listed for US & Canada
- Complies with UL 1598 and CSA 22.2
- IP65 Rated; Suitable for Wet Locations
- RoHS compliant

Accessories	
CLR	Clear Reflector (Polycarbonate)
BBU	Battery Back-Up

¹. US LED product 'Lifetimes' refer only to the LED light engine, not the power source, and are based on the Illuminating Engineering Society's TM21 Projected Lumen Maintenance methodology at a 25° C / 77° F ambient temperature. The lifetimes are solely meant to be a guide for expected LED degradation and not a warranty or predictive of their actual life, which can be affected by ambient temperatures and other factors.
